

"I Have Lost The Receipt"

Thus spoke the man who was asked to settle a bill that he claimed to have paid a month previously. He had placed the receipt in his pocket with other papers and now could not find it.

He had paid cash, so could do nothing except pay the bill a second time.

The man learned a lesson from this incident—he now pays all his bills by check. In case of dispute about a paid bill, he can now use his cancelled checks as proof of payment.

Do you pay by check? It is the safe and business-like way!

\$100 Left on Deposit 60 Years is Now \$800.

Saving money is not so hard after a person acquires the habit. The United States Government makes it easy for every man, woman, and child to practice Thrift. The start can be made with a dime invested in a Postal Savings Stamp or \$1 will open an interest-bearing Postal Savings account or pay for a Treasury Savings Stamp. Twenty of these \$1 Treasury Savings Stamps, with a few nickels added, or a postal savings deposit, can be converted into a Treasury Savings Certificate, paying \$25 at maturity. These Savings Certificates are also sold in maturity denominations of \$100 and \$1,000. They yield interest at 4 per cent, compounded quarterly, when held until maturity, and can always be converted into cash on short notice at more than their original cost.

Chauncey M. Depew, erstwhile United States Senator from New York put \$100 in a Peckskill, N. Y. savings bank in 1860. It was his first \$100. Maybe Senator Depew found, as many do, that the first \$100 proved to be the hardest. 'Anyway, in spite of strenuous temptation, he refused to draw upon that \$100, and as a result of later prosperity, finally forgot about it. Not long ago Senator Depew entered the Peckskill bank and greeted some old friends and they reminded him of his "nest egg." On computing the interest it was found that the original deposit of \$100 had grown to \$800, and owing to the long period in which it had lain undisturbed had achieved the distinction of being known as the bank's star account.

News has been received that Bridges Read, son of Mr. and Mrs. T. B. Read, who has been ill in a hospital at Denver, Colo., is improving.

Farmers Interested in Better Seed Corn.

That Tennessee farmers are coming more and more to appreciate the value of good seed corn is indicated by reports of county agents throughout Tennessee. These reports indicate that more attention is being paid to field selection of seed than ever before and it is believed that the amount of seed corn that will be saved in this way this year will exceed many times that saved in previous years.

L. H. Halton, Gibson County agent, states that more attention is being paid to field selection of seed than he has ever seen at any time since he has been a county agent. Oscar L. Farris of Davidson County, says that farmers throughout the county have been unusually interested this fall in field selection of seed corn and that the demand for information along this line and calls for meetings to discuss the matter have kept him busy. Graham C. Wright, Lawrence County, reports that assistance rendered farmers last year in the sale of pure-bred seed corn has done more to arouse interest among the farmers for better seed corn than any one thing. The farmers of that county sold over a car load of seed corn last year to a big seed house and this firm has already written for more this year. Two years ago a bank of the county desiring to render assistance prepared to furnish club members one gallon of pure seed corn, the club member to return two gallons to the bank in the fall. One hundred club boys took advantage of this offer and this movement really started the raising of good seed corn in Lawrence. It caused the club boys to give more attention to field selection which the farmers have adopted and they are working for one variety in the county and field selection is now a common thing and they find it pays.

Of the 89,250 former service men of the United States army in vocational training, only 5,793 have been graduated after three years.

Card of Thanks.

On Sunday night November 13, 1921, the death angel visited our home and took from us our beloved mother and mother-in-law, Mrs. Kit Decho. Oh, how we will miss her; her, and we want to thank the good people for their kindness extended to us during the death of our beloved mother, and we want to thank one and all.

SOUR STOMACH INDIGESTION

Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Theford's Black-Draught Liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's. E. C.
